

# Intergroup - Website Report

October 16, 2024

## Summary of report

1. Two major issues to report: First, we were infected with malware at the end of September which prevented us from updating meetings and other pages. The issue was resolved by purchasing the SiteLock Prevent Plus program that now scans and monitors our website daily for security issues. Cost \$395/yr.  
Secondly, the Meeting Chair app does not show any meetings in our area - working with Bluehost, SiteLock and app support at aa.org to resolve issue, we found out that the issue is a firewall. Tech Support was contacted multiple times, unfortunately the issue is still ongoing. We will continue to work on resolving this problem, in the meantime, the website Meeting Finder is up to date.
2. We were hit by both Hurricanes Helene and Milton - Posted information about meeting disruptions and office closings, etc.
3. Updated links to information about 2025 AA Intl Conference in English and Spanish.
4. Uploaded new group events, meeting minutes, and reports as received.
5. Sent out "News You Can Use" newsletter.

Below is a list of specific changes made since the last IGR meeting. This list can also be found at the bottom of the What's New page, under the Web Site Changes link <https://aanorthport.org/whats-new/web-site-changes/>
