From: Cindy Carroll
Subj: Where & When Committee Report
Date: January 16, 2025

In December 2024, we ordered 3000 print copies of the latest *Where & When*. The cost was \$486.00, or \$0.16 per brochure. Almost immediately, a member reported an unfortunate (large) error in the brochure.

The Steering Committee discussed the problem in January and voted to scrap the December 2024 edition & print a corrected brochure. The new January 2025 *Where & When* is now available in the Intergroup Office.
